2012 Graduates’ Results and Tertiary Destinations

We congratulate the 2012 graduating students of St Hilda’s School on their excellent academic results. They are a credit to their own hard work and dedication, as well as that of their teachers. Each of them can be proud of their achievements and be certain that the exceptional education received at St Hilda’s School has prepared them well for their years ahead.

Main Destinations of Year 12, 2012*

In 2013, 81.5% of young people who completed Year 12 at St Hilda’s School in 2012 continued in some recognised form of education and training in the year after they left school.

The most common study destination was Bachelor Degree (73.9%). The combined VET study destinations accounted for 7.6% of respondents, including 4.3% in campus-based VET programs, with 1.1% of Year 12 completers entering programs at Certificate IV level or higher.

3.3% commenced employment-based training, either as an apprentice (2.2%) or trainee (1.1%).

In addition to the above study destinations, a further 9.8% of respondents from this school deferred a tertiary offer in 2013 (deferrers are shown in Figure 1 in their current destination).

18.5% did not enter post-school education or training, and were either employed (10.9%), seeking work (3.3%) or not in the labour force, education or training (4.3%).

- Health Science (Dentistry, Medicine, Nursing, Oral Health, Psychology, Occupational/Physio/Speech Therapy)

*Findings of the Queensland Government Next Step survey, which targeted all students who completed Year 12 and gained a Senior Statement in 2012, whether they attended a government, Catholic or independent school, or a TAFE secondary college. The Office of the Government Statistician conducted the survey between April and May 2013, approximately six months after the young people left school. Responses were collected via computer-assisted telephone interviewing and an online survey.
